

Back End Development Problem

The code for this application is stored alongside this document as well as in this public repo:

<https://github.com/dylanpomeroy/Shopify-InternApplication-BackendProblem>

Answer:

```
{
  "invalid_customers": [
    {
      "id": 2,
      "invalid_fields": [
        "name"
      ]
    },
    {
      "id": 3,
      "invalid_fields": [
        "newsletter"
      ]
    },
    {
      "id": 5,
      "invalid_fields": [
        "name"
      ]
    },
    {
      "id": 6,
      "invalid_fields": [
        "name",
        "age"
      ]
    },
    {
      "id": 11,
      "invalid_fields": [
        "name",
        "email"
      ]
    },
    {
      "id": 15,
      "invalid_fields": [
```

```
    "newsletter"  
  ]  
}  
]  
}
```
